

**President's Report**  
**June 11, 2019**

This has been a great year for the Weeders.

- We have acquired seven new, wonderful members.
- We have entered the 21<sup>st</sup> Century with a revamped Website, Database, streamlined Bylaws, and a flexible Policy and Procedures Manual.
- We cleaned up and located our corporate records and materials.
- Our Programs have been fun and educational
- The Fertilizer Fund has benefited from the generosity and participation of our members
- The Scholarship Committee identified a worthy candidate who received a check, gifted by several very generous Weeders. The future is in the hands of our youth and rewarding those who guide them into responsible stewardship is indeed a worth endeavor.

I thank all of you who had a hand in making The Weeders so special.

Respectfully submitted

Lorraine Wallace
