

*Wouldn't it be nice to have THIS next to your front door??
You can!*

Crazy for Containers!

The Weeders, a local Garden Club of America garden club founded in 1907, has arranged to order gorgeous container collections of plants and hanging baskets from Beds and Borders, a Long Island wholesaler. The quality of the plants and the unusual combinations chosen for each collection means your containers and baskets will overflow with beauty very quickly. The most experienced gardeners we know say that Beds and Borders collections create the most beautiful and robust containers and baskets they've ever seen.

The Weeders is taking orders from December 3rd to January 24th. Plants and baskets will arrive in mid-May and require pick up at a nearby location. For containers, if you order "plants" you will receive 9 (for a 16" container) or 6 (for a 12" container) plants in a box with planting instructions. If you order "potted" you will receive the same numbers of plants, which have been planted in a plastic pot and are more mature.

The Crazy for Containers! sale is a fundraiser for The Weeders, which will use the proceeds for conservation and civic programs.
