

Ronald McDonald Annual Report 2019

The Weeders

The Ronald McDonald Committee had another successful season in 2018-19. We had one workshop in October which was well attended and we made arrangements which were gratefully received by the Ronald McDonald House. The workshop scheduled for January 30 was postponed due to bad weather, but took place successfully two weeks later. Sadly, the April workshop was cancelled due to an overabundance of arrangements at the House, and was not able to be rescheduled. Don't worry, next year we will try again and hopefully all three workshops will go off without a hitch.

Respectfully submitted,

Laura Mitchell
